# Registered Workshops

July 26 & 27, 2012

Thursday, 7:45 – 11:30 A.M.

## TH01 – Picture Perfect Birthday

\$62

by Sharon Geisen

The box behind the frame will be completed with wallpaper and flooring for the student. Students will glue the lace paper trim around the frame and top of the wallpaper. A kit will be provided to make the dress that you will hang on the back wall. Students will arrange the items provided as they wish inside the box and are encouraged to bring additional items to be displayed on the floor. A birthday cake and some birthday cards will be provided. *The tiny doll and wrapped packages are not included.*

**Minimum skill level:** Beginner

1" scale

## TH02 – Bunka Rug

\$37

by Linda Raih

This rug is made easily by gluing Bunka thread to a pattern. With the finished look of needle punch, this technique is much faster. The rug is 4" x 5½" and suitable for 1" scale, but can also be used in a ½" scale setting.

**Minimum skill level:** Beginner

1" scale

## TH03 – Anniversary Brunch

\$52

by Carolyn McVicker

Come join Carolyn for brunch! We're having waffles, strawberries, blueberries, peaches, whipped cream, sunny-side-up eggs, bacon, toast w/jelly, fruit garnish and coffee. We'll even have a side pitcher of syrup for those who like syrup on their waffles.

**Minimum skill level:** Beginner

1" scale

## TH04 – Cheshire Gate House

\$89

by Sue Herber

This small English gatehouse sits on a cobbled base. It has an arched gateway tunnel next to a half timbered entry and oversized second floor quarters. The archway wall is aged brick. The upstairs has a fireplace with coved mantle and a bay window on the front wall. Sufficient prep work will be done to allow students to construct and timber the structure, age the tunnel and bricks, and make the antique glass panes for the windows.

**Minimum skill level:** Beginner

¼" scale

## TH05 – Growing ¼" Flowers

\$57

by Karla Smith

Is your miniature yard waiting to be planted? Do you have empty planters and pots longing to be filled with colorful flowers? Don't wait – learn how to make your own flowers and plant to your heart's desire! In this workshop you will learn Karla's techniques and hints to make flowers out of paper. Plan on making geraniums, daffodils, tulips, iris, hostas, coleus, pansies and more. Included is a basic tool kit with all of the tools needed to make flowers, plus a generous amount of flower parts for even more 'growing' at home. Just bring Tacky glue, tweezers, wire cutters and your garden gloves.

**Minimum skill level:** Beginner

¼" scale

## TH06 – Christmas or Antique Shop

\$82

by Karen Benson

Step back in time and decorate this Cotswold style shop as a Christmas Shop or Antique Shop. The intricate wrought iron sign includes both inserts. This is a 2-part structure – a front exterior box and an interior box that is removable from the front exterior box. No lighting is required because there is an acrylic covered opening in the top. The interior of the shop is 6"W x 3"H x 2 7/8"D, so there is ample room to decorate.

**Minimum skill level:** Beginner

¼" scale

## TH07 – Frozen in Time

\$65

by Suzanne Larson-Tamburo

For the antique lover, this is the class for you! In the 50's, freezer boxes were used to freeze fruits and veggies. After they were used, the boxes were carefully flattened and stored away for future use. I found these vintage freezer boxes (slightly used) when I was moving my parents. What fun to create a mini scene where our mini person is preparing to freeze strawberries in his/her mini freezer box! Students will cut an opening in the box and build a room and furniture. Class size is limited due to the limited nature of this treasure. Sorry, there will be no kits available.

**Minimum skill level:** Beginner

¼" scale

**TH08 – Pottery Decorating & Glazing - U-Finish-‘Em**      **\$211**

*by Craig Roberts*

In this class, you will receive 14 pieces of Craig's pottery, bisque fired and ready for your decorative touch. We will study a variety of decoration techniques and styles, such as traditional, folk art, cobalt blue, brush work, and scenic designs. We will also delve into staining and general glazing skills. You will have options to follow your own decorative pursuits, if you wish. After class, Craig and his helper will fire your work to 2300 degrees and you will have your finished, glazed masterpieces before the convention ends. Please specify 1" or ½" scale on your registration form. *Brushes not included.*

**Minimum skill level:** *Beginner*      1" or ½" scale

**TH09 – Pair of Child's Chairs with Woven Seats & Table**      **\$72**

*by Pam Boorum*

Weave the rope seats on a pair of handcrafted child's side chairs. The weaving method is the same that is used on full scale chairs, with a few techniques that have been added for translation to miniature scale. There is a completed matching table included. Colors may be selected by the students in advance.

**Minimum skill level:** *Beginner*      1" scale

**TH10 – The Magic of the Drill Press**      **\$85**

*by Tom Walden*

Emphasis is on drill press techniques, but students will also cut/shape wood for a 1" scale Side/Display Table, for which all shaping and inlaying tapered legs are done with a drill press. In addition, they will learn to cut perfect circles, molding, dados, rabbets, inlays, mortise and tenons. They will also learn better productivity techniques and wood prep/finishing. This is a condensed workshop, thus no project will be assembled, nor will pin routing be taught. All drill presses and jigs are provided by the instructor for use in class.

**Minimum skill level:** *Beginner*      *all scales*

**TH11 – Animal Table Lamp w/LED Light**      **\$47**

*by Judy Andraka*

Make a charming 1" scale lamp using a carved wooden figure or animal and electrify it with an LED light. Choose to power the lamp with 12 volts or by battery. You will learn how to solder a set of wires together and construct the lamp. Also included is the making of the shade in a style and color to enhance the lamp. Students will choose a figure/animal for their lamp base.

**Minimum skill level:** *Beginner*      1" scale

**Friday, 7:45 – 11:30 A.M.**

**F01 – Display for Your ¼" Scale Collections**      **\$95**

*by Sally Manwell*

Do you have a collection of silver, figurines, jewelry, etc. that you would like to display? Sally wanted her blown glass collection where she could see it, so this is her solution. Put together a laser cut room box that has 2 shelf units and Grandtline double doors. The inside section of the box slides out for easier access. The frame on the front gives you a clear view of the shelves inside. The top is open with a Plexiglas window to let in light and keep your collection covered so you won't have to dust! Students will learn how to make the built-in laser cut shelves and 'marble' floor.

**Minimum skill level:** *Beginner*      ¼" scale

**F02 – Anniversary Reception Table**      **\$57**

*by Jan McCandliss*

Build a wooden reception table and cover it with a draped tablecloth, using ribbon to decorate it. The top of the table will hold a bottle of 'champagne' on ice, an anniversary cake, as well as other accessories (cups, plates, candies) for the guests at the party.

**Minimum skill level:** *Beginner*      ¼" scale

**F03 – Birthday Party**      **\$62**

*by Carolyn Eiche*

Join Carolyn in celebrating a birthday party! It's NAME's 40<sup>th</sup> birthday and what better way to celebrate than having a party. Students will create a pink cake, bowl of punch and cups, a tin of chocolate chip cookies and 4 ice cream clowns out of polymer clay and resin. Each student will also receive the pieces to make 2 gifts, a gift bag and party hats (the wrapping paper designs will vary from the photo). Learn how to make realistic looking miniature foods and take home the skills to try other items once you return home.

**Minimum skill level:** *Beginner*      1" scale

**F04 – Dressed Mannequin**      **\$52**

*by Ruth Moe*

We will be dressing a mannequin in a fancy silk and lace corset. The mannequin, mahogany with a resin body, will be pre-assembled. We will cut out the silk pieces, glue them on, gather and apply lace, apply the trim and lace up the corset with a silk ribbon. As a final touch, we will glue on a pearl and rhinestone necklace.

**Minimum skill level:** *Beginner*      1" scale

## F05 – ‘Pottery’ & ‘China’ Filled Wall Hutches \$52

by Ginger Landon Siegel

Come spend a fun-filled morning creating these dimensional wall hutches. Class includes both the ‘pottery’ filled wall hutch (2½” x 3¼”) and ‘china’ filled wall hutch (1 1/8” x 3¼”). Plan to complete 1 hutch with the possibility of completing both depending on how fast you work. Assorted floral and greenery pieces are included with the ‘China’ hutch. You will learn 3-D paper cutting and layering techniques that can be applied to other miniature projects. The completed pieces will fit perfectly in your dining room, sitting room or kitchen scene.

**Minimum skill level:** Beginner 1” scale

## F06 – Timeless Layette \$42

by Amy Doucette-Allen

Create a timeless layette with a variety of natural ribbons and laces. The layette is sized to fit a small doll such as a Heidi Ott baby (not included). Students will use Amy’s no sew technique with just a bit of gathering.

**Minimum skill level:** Beginner 1” scale

## F07 – Oakleaf Hydrangeas & Hostas \$48

by Charrita Teague

This fresh picked arrangement consists of Oak Leaf Hydrangeas and Large Leaf Hostas in a glass vase. Add to any new or existing setting, or enjoy the arrangement by itself.

**Minimum skill level:** Beginner 1” scale

## F08 – 40<sup>th</sup> Anniversary Table \$72

by Alice Walker & Becky Maganuco

Create an elegant party scene. Students will learn techniques for draping a table, making chair pads with paper to look like fabric, creating an anniversary cake using a decal design, and creating magnolias from paper to accent the table setting. With provided wood base, this project measures 7”W x 4½”H.

**Minimum skill level:** Beginner 1” scale

## F09 – Caned Magazine Rack \$37

by Sue Ann Ketchum

Using silk thread, learn to cane the panels of this laser-cut magazine rack. Techniques taught will include vertical and horizontal thread settings, horizontal and diagonal weavings, and finishing the panel edges with binding cord. A color-coded reference board and caning chart simplify understanding the caning process.

**Minimum skill level:** Intermediate 1” scale

## F10 – Fancy Gazebo w/Quicker Wicker Table & Chairs \$62

by Karen Marsh

Build this fancy gazebo with a cast resin roof, floor, and side walls. Set a table under the roof; and wooden posts. Furnish it with a Quicker Wicker table and 2 chairs. There is no weaving involved since the furniture is also cast resin.

**Minimum skill level:** Beginner ¼” scale

## F11 – Baskets, Baskets, Baskets \$62

by Marilyn Crockett

The student will complete 1 or 2 basic baskets in class and will be given the materials and instructions to complete 6 more after class, in a choice of styles. Working with 3-ply waxed linen thread from Ireland and covered wire, the student will be taught armatures, basic weaving, 2 or 3 edge finishing techniques, handle planning and wrapping, and 1 or 2 patterns. Bring wire clippers, Tacky scissors, and a ruler.

**Minimum skill level:** Beginner 1” scale

## F12 – Chickens!!! \$57

by Jo Dewane

What fun! Learn to distress a chair, tub and bricks. Add ‘nesting materials’ and other accessories and your chicken family will be right at home and ready to be put into your own scene or displayed by themselves. Learn about combining items not ordinarily used together while completing your own unique ‘family’ setting.

**Minimum skill level:** Beginner 1” scale

## F13 – Celebrate! \$52

by Suzanne Larson-Tamburo

Come to “Celebrate!” This charming bakery in a cupcake box is the perfect place to buy a cake or cupcakes to celebrate NAME’s birthday! Students will wallpaper the interior box, paint and build a display unit and store counter, and make cakes and cupcakes.

**Minimum skill level:** Beginner ¼” scale

## F14 – Greene & Greene Side Chair \$60

by Shannon Moore

This side chair, designed by Greene & Greene, features an oriental adaptation of the typical Arts & Crafts style of chair. Our version executed in cherry will include a slip seat. The pieces will be pre-cut but will require final shaping.

**Minimum skill level:** Intermediate 1” scale
