TLS3 – Metal Clay—What is That? *by Marti Icenogle*

\$85

Are you familiar with metal clay? If not, then join Marti for lunch and an introduction to the wonders of metal clay. And, if you have heard of silver metal, did you know that there is also gold metal, copper, bronze, brass and steel, metal clay? After we talk about what metal clay is and where it comes from, Marti is sure you will want to know how to work with metal clay to make miniatures for a dollhouse or roombox. To help you understand what can be done with the product, she will be showing many examples of metal clay miniatures, as well as demonstrating how a metal clay miniature is made. Marti hopes you will join her for lunch to learn about making miniatures with metal clay. You will receive a one-inch scale fine silver picture frame made with silver metal clay. The frame comes with a vintage photo which can be easily replaced. You will also receive a small fine silver trinket bowl in one-inch scale.

TLS4 – French Country Miniatures-Santons *by Sue Herber*

\$130

In Provence, a southern area of France, are some terracotta artisans who design historic country characters, Santons, to be used as decorative elements for homes and holiday scenes. These characters range from 1"-12" in height, and are used with buildings and landscaping to create huge towns of the region with the sizes of the Santons giving depth perspective to these miniature scenes. Learn more about these unique miniatures and receive a 1/4" scale market stall and a tiny (Puce sized) Santon as your souvenirs.
