

*All About the Neighborhood
NAME Region M1
Small Scale Houseparty
September 27-29, 2019
Pittsburgh, Pennsylvania*

The entire steering committee welcomes you to Pittsburgh, PA. Known as the City of Bridges, there are 446 bridges more than anywhere else in the world. Our theme was chosen for several reasons. First Pittsburgh is made up of 90 neighborhoods, there is more than 700 sets of public stairs and the last wooden street in PA is located in Roslyn Park in the Shadyside neighborhood, it's made of 26,000 blocks of wood. Now I've just given you the answers to four of the contest questions. Be sure to read the souvenir book to find more answers then enter the trivia contest in the hospitality room. Yes, there are prizes to be won!

Need help, have questions? As Daniel Tiger from Mr. Roger's Neighborhood said, "Always look for the helpers" All steering committee will be wearing a red sweater logo on their lanyard. We are here to help you enjoy this event please stop us and ask questions.

Please join your neighbor for the Thursday Evening Project. Snacks and fun are in order! The Porch by Michelle Faleshock is offered in ¼ inch scale electrified and in your choice of seasons and a case is included!

There are some hard choices to make for the preconvention workshops as well as 1- and 2-day registered workshops. Friday the sales room opens, and the wonderful dealers will surely offer something you need! Friday night is the round table sales. The prototypes are in the registration area.

We have Theme Luncheons on Saturday and make sure you get your tickets for Houseparty Helpers that's drawn Saturday night. The exhibit room is an inspiring place to view your neighbors work. Look in your registration packet for Hospitality tickets. Bring in your ticket each day to get another piece of the project offered.

Did I mention silent auctions will be offered during the event and souvenirs are from artisans though out the Country. To top off an exciting weekend a lucky person at each table will get to bring home the center piece

Ann Pennypacker
Chairman

Patty Diefenbach
Assistant Chairman
