

Welcome Aboard!

Passengers, may we please have your attention while we demonstrate to you some of the features of the Hospitality Lounge.

We will be offering complementary drinks and snacks during your visit as long as the captain hasn't turned on the fasten seatbelts sign.

Should you feel a sudden spike in pressure, (blood, peer, or otherwise) please take advantage of a quick and relaxing chair massage provided by a licensed massage therapist. Remember, if you are traveling with another person, please help yourself before assisting others.

For your in flight entertainment, we offer a variety of table games, cards, and coloring books.

In the unlikely event of boredom, we will have exciting contests to buoy your enthusiasm.

Join our frequent fliers club and come back every day to complete special make and take projects.

Put your tray tables and seat backs in the upright position, sit back, relax, and enjoy the ride.

Kris and Lynn, aka the Hospitality Committee
