

Come Fly With Me *NAME Region N-3* *Houseparty* *April 3-5, 2020* *Portland, OR*

Welcome to Portland, Oregon for our All Scales Houseparty! Our flight crew is hard at work to make your vacation a memorable one. *Come Fly With Me* was conceived to provide you with an enjoyable and memorable travel experience—leave those negative flying experiences behind. Our committee is determined to get you through TSA without a hitch! NAME Passports will be provided upon arrival for your use throughout the HP and are souvenirs to take home when you depart.

When you land in Portland our beautiful accommodations are only a quick shuttle ride away from the airport! It is easy walking from your room to classes and activities. Coffee amenities are available for those of us who need that extra boost to our day. (I know I am always up for a coffee break on my layovers...) Make sure to check out the bar's unique cocktails - created especially for our Houseparty.

We have amazing classes from near and far. Teachers from South Africa, England, Canada and our fabulous domestic favorites have created workshops especially for debut at *Come Fly With Me*. Each class will take you to a destination... a mini vacation... another stamp for your passport... You can't have a proper vacation without side excursions!

Our shopping concourse is fabulous! We have gathered vendors from across the globe to fly in and join us. They are flying in from South Africa, New Zealand, England, Canada and the USA. Get your souvenirs and gifts all in one place! Brand new items at every stall.

We have unique Theme Luncheons available. It's a difficult choice... beautiful gifts will be given at these Theme Luncheons so get signed up now! You won't want to miss this stamp in your passport!

Our Hospitality Lounge will be available for relaxation and entertainment. Roundtables and Mega-Roundtables will provide the padding filling every last corner of your suitcase as you return home...

One last side excursion you won't want to miss will be our Thursday night get away. Gather your fellow travel companions and join us for a fabulous workshop. We have 3 artisans collaborating together on this project to bring you something special and with the help of our committee they will make your trip a night to remember!

Our souvenir gifts will be something special! We will have a 1:12 souvenir for Friday opening lunch. A 1:48 souvenir for the Saturday Night Banquet and your choice of 1:12 or 1:48 for our closing Brunch on Sunday! Something for everyone... No matter what your scale preference we have worked hard to bring you something incredible and we are thankful to our souvenir artisans for creating these unique pieces.

Book your excursions, plan your vacation, pack your bags and *Come Fly With Me!*
