

NAME M-2 Spring Newsletter

How is everyone? Here is wishing everyone is healthy and surviving staying home. We are interested in hearing all about how many almost finished miniature projects you have completed, now that you have time to get to them. Send me pictures and they will be published in the next newsletter miawildoak@verizon.net

Here is an exhibit I have been working on. My collection included the people. They needed a home. Had just enough wallpaper in my stash for this room box. Adapted furniture kits to fit and made picture frames, made the rug from an old quilt kit.

Now that the 2020 National Convention has been changed to **2022**, you should be working on favors and exhibits for our own National Convention "From Sea to Shining Sea" in Providence, RI, **July 2021**. [If you are registered for the 2020 National, be sure to read the information about hotel reservations, etc. on the NAME Website.] Providence is still a go! There is plenty of time to get started. Remember the committee is also looking for tote bag favors and door prizes. All contributions are welcome.

NAME Board has stated they are still solvent at this time, even with the necessary changes in programs because of Covid-19. Dues are due as of June 1. If you send them in before then, it is only \$45. Dues increase to \$50 as of June 1.

The IGMA Show in Connecticut in Sept. has been cancelled. The management of Handcrafters of Miniatures Show is hoping to have a show the first weekend in November, but is still waiting on the hotel, dealers, & disease circumstances at this point. Stay tuned for more information.

In the mean time, please stay safe, wear masks when going out, and, as Dave says, "keep having fun". Remember; send pictures of your completed UFO's. Looking forward to hearing from you.
