N-3 Summer, 2025 Newsletter

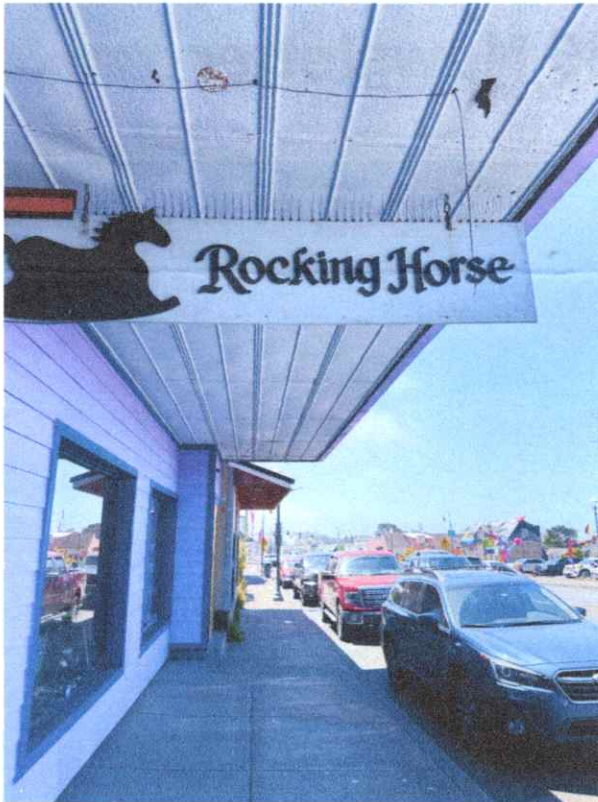

Regional Coordinator Message

What a wonderful world we live in. Our country's diversity is amazing. Everywhere there is something to enjoy. I just completed a trip to the Oregon coast. Visiting the lighthouses was one of my pleasures. It is interesting how each one has their own characteristics from the structure style to the light lenses. Some lights had colored lenses. The cadence of the flash would be different. Each one designed to help ship captains know where they are located on the coast. I now understand the attraction to miniaturize the structures. One more project to put on my list.

As always I would appreciate input for this newsletter. What is everyone doing? Is your

group working on any projects? Please email me anything and everything. Even small instructional plans are a great addition.

With the loss of our beloved Dot there has been concern for the future of Dot's Doll House in Lincoln City. It was great to hear that the business has been purchased by Carrie Perry-Kealey and Anndrea Stutzman. They are keeping all the minis and adding more. Speaking with Carrie they are looking for more products to add to their inventory. If you are a vendor contact her. Summer hours 10-4 PM 7 days a week. Closed on Wednesdays and Thursdays during the winter.

If you have never attended a house party or convention now is the time to start planning for the experience. California Dreaming July 23-26, 2026 brings the national convention to the west. The work and planning is gearing up. Our west coast members are starting the active work on all the gifts and treasures you come home with. On June 25th a group gathered at Georgia Queen's home in McMinnville, Oregon. A good time was had by all. If you would like to get involved with the pre-

convention activities, help is always appreciated. A list of the committee chairmans is provided on the NAME website. Feel free to contact any chairman to offer your help.
