5- LED Light String w/Battery

Designed by Evan
Designs specifically for
this project, this is a 5-
Deka light string with a
coin cell battery and
switch.

Additional Acrylic Shelves (4) for smaller scales

Mirror set for center section, 3 arched mirrors in the set but
Upon request, I will sell just the back single mirror

Acrylic Front cover, I don't have a picture for this yet.
Although you can use a standard 8x10 picture frame which
sits on the front, my plan is to create a track inside the front
arches that acrylic can just slide into the box so it can be
easily opened back up should you want to add or fix
something.

Your kit will come with the engraved 50th Anniversary logo,
But I've had a lot of requests to bring back my **Half
Chandelier for this box**. It is a lovely addition especially if
you use the back mirror. I have it available in 3 scales.

If you are making an additional box, or doing your box in
another theme, I
will take orders
for custom signs,
such as this one.
