# NAME Makitz

We have heard the cries for more detailed and intricate kits to be offered to our members—and we are happy to oblige. So, welcome to our first NAME Makitz!

“NAME Makitz” is a brand new series of kits designed for NAME and available only through NAME for one year. Every time we release a Makitz you will have a year to purchase it. These kits will be so much fun with friends and clubs!

Our first NAME Makitz is a beautifully designed no scale kit for every NAME member to purchase and enjoy. It's a new type of book from Robin Betterley's Miniatures -“An Open Book”. This first installment in this new series from Robin is titled, “Mama Ladybug's Laundry Day”.

“With all her little babies to feed and clothe, Mama Ladybug has a lot to do when it's laundry day. It's first light, but the babies are still asleep in their bed. Mama Ladybug has already washed a load of clothes and hung them on the line to dry. Soon she'll run back inside to check on the children and continue her never ending job of ironing!”

**Mama Ladybug's Laundry Day ~ \$75**

The kit comes with all the pre-cut pieces to make the book and the furniture. The interior of the book is an excerpt from an old book about bugs, overlaid with art. Also included is all the fabric, accessories and art to finish the inside of the book just like you see it, including Mama Ladybug. She will be in the kit, ready for a little paint and a pretty skirt! Size of the open book is 7½ inches by 5½ inches.
